23. The Bank shall solely process SEPA Credit Transfer in case of meeting all the requirements listed below otherwise the payment shall be rejected.

- currency of the payment denominated in Euro
- correctness of the beneficiary's IBAN
- shared charges (SHA)
- SEPA membership of the beneficiary bank (or accessibility through SEPA network)

In case all the above mentioned requirements excluding solely the last one are fulfilled, and unless the Customer is informed otherwise, the Bank shall execute the payment as non-SEPA transaction.

24. If the amount of a SEPA credit transfer with conversion is given in the currency of the credited account – different from EUR –, than the credit transfer can not be extra urgent.
For any services which are not included in the given account package, Customers using an Account Package shall pay the fees set out in the Corporate List of Terms & Conditions from time to time in effect.
25. The Bank accepts instructions about SEPA DD Core direct debit restrictions from 3rd October 2016.
26. A paid SEPA DD Core direct debit can be refunded without examination within 8 week after the execution of the direct debit (56 days not including the day of the execution) until the last banking working day.
27. In case private entrepreneurs, small-scale farmers, private individuals with tax number or other independent private entrepreneurs initiate in-bank transfer, standing payment order with fixed amount, multiple payment order, SEPA credit transfer or payment in foreign currencies to their own in-bank retail bank, Credit card, Bank or Securities account maintained as a retail customer, the 0.45%, max HUF 20000 part of the fee does not apply, despite being listed in the full fee. This provision shall apply retroactively as of 1 January 2017.
28. Transfer with preferential fees

Based on the provision laid down in Government Decree 183/2024. (VII.08.) amending decrees on extra profit taxes, providing for derogation from Paragraph i) of Subsection (1) of Section 6 of the act on financial transaction duty the Bank makes the following amendment in favour of its natural person customers (not including private entrepreneurs) with effect from 01.08.2024.

In the case of every fee item in this List of Conditions for which a fee or a fee element is stipulated concerning "parts of amounts in excess of HUF 20,000" or "(parts of) amounts in excess of the equivalent of HUF 20,000" the text "parts of amounts in excess of HUF 20,000" or "(parts of) amounts in excess of the equivalent of HUF 20,000" shall be replaced with the text "parts of amounts in excess of HUF 50,000" or "(parts of) amounts in excess of the equivalent of HUF 50,000", taking into account the following:

This amendment and the conditions so modified shall remain in effect as long as the Bank is also exempted by law from the obligation to pay duty in the case of the transactions concerned in relation to the part of the relevant amount up to HUF 50,000. In lieu of such legislation the modified amended terms and conditions will automatically revert to those in force before this amendment.

Due to changes in the Bank's costs related to the modification of act CXVI of 2012. on financial transaction duty, the Bank applies preferential fees for the following transfers:

- As of 01.12.2018 the bank will not charge the "0.45%, max HUF 20000" part of the outgoing transfer fee determined in percentage in case of transfers where the beneficiary account is a limited use payment account belonging to Széchenyi Pihenő Card.

- Effective as of 01/01/2019 in case of all one-time and standing credit transfers other than those that are free of charge or have a fee of HUF 0, initiated by natural persons (not including private entrepreneurs):
 - if the amount of the transaction is HUF 50,000 or less, the 0.45%, max HUF 20000 part of the fee shall not be charged,
 - if the amount of the transaction is in excess of HUF 50,000, then up to HUF 50,000 the 0.45%, max HUF 20000 part of the fee shall not be charged.
- In the case of credit transfers from the transactional accounts of small-scale agricultural producers, sole proprietors and other self-employed persons to client accounts kept at the Hungarian State Treasury (MÁK), or to central accounts kept for the purpose of buying and selling government securities (to the credit of accounts identified by MÁK and belonging to the range of accounts listed below), from the credit transfer fee the Bank will not charge the fee element corresponding to the measure of financial transaction tax (0.45%, max HUF 20000).

Pursuant to Article 36/E of Act LXXXV of 2009 on the Pursuit of the Business of Payment Services (Pft.), under this provision, the Bank shall not impose a charge for electronic transfers initiated by individuals with a tax number by means of a payment request or a Unified Data Entry Solution (SDES).

In connection with the modification of Act CXVI of 2012 on the Financial Transaction Duty, Financial Transaction Duty, in the case of the private individuals with tax number and the small-scale agricultural producers the fee equal to the amount of the financial transaction tax - 0.45%, max HUF 20000 - from the fee of electronic transfer initiated by a payment request, and in the case of private individuals the entire fee from the electronic transfers initiated by payment request completed from 01.01.2023 will be subsequently credited to the bank account, on which the transaction was carried

29. Transfers initiated via Payment Initiation Service Providers.

In case of payment transactions initiated through a payment initiation service provider the fees applied on electronic channels (Raiffeisen DirektNet, myRaiffeisen, Raiffeisen Electra, MultiCash, in case of expanding to corporate customers myRaiffeisen) used by the customer will be debited.

- The bank rejects the crediting or reception of HUF transfers and in-house transfer between the customer's own accounts where the beneficiary account is denominated in foreign currency below HUF 5 and the crediting of interbank incoming HUF transfers below HUF 5 as ungrantable transactions with too low amount.
- Starting from 15 December 2019, the Bank shows the fee charged for a currency conversion service related to a cross-border credit transfer in euro (SEPA credit transfer) initiated by the Customer or incoming to the credit of the Customer's payment account kept at the Bank, as well as the fee that might be charged for urgent/extra urgent performance in the case of a cross-border SEPA credit transfer initiated by the Customer, separately—breaking up the lump-sum transaction fee applied previously—and discloses these fees in the List of Terms & Conditions as separate fee elements additional to the transfer fee of the credit transfer as a basic fee. It is a further change that as of 15 December 2019 a distinction is made between the different transfer fees (i.e. basic fees) of cross-border SEPA credit transfers initiated by the Customer according to transaction channels as well, adjusted to domestic HUF credit transfers. The breakup of the transaction fee of cross-border SEPA credit transfers as above does not result in any detrimental change (fee increase) for the Customers, its sole purpose being to give more transparent information to the Customers and to ensure compliance with Regulation (EC) No 924/2009 on certain charges on cross-border payments in the Union and currency conversion charges. Therefore the transaction fee of cross-border SEPA credit transfers equals the sum total of the basic fee relevant to the channel used by the Customer and the additional conversion fee that may be charged—depending on the

order type—in the case of a conversion service, or the urgency or extra urgency fee optionally charged in the case of urgent/extra urgent performance.

32. With a view to compliance with Regulation (EC) No 924/2009, starting from 19 April 2020 the fees charged for all foreign currency credit transfers will be broken up into their constituents, and where applicable the fees of the currency conversion service connected to the transfer and of urgent / extra urgent performance will be shown as separate fee elements in addition to the transfer fee (basic fee). Therefore the transaction fee of foreign currency credit transfers equals the sum of the basic fee relevant to the channel used by the Customer and—depending on the order type—any additional conversion fee that will be charged in the case of a conversion service, and/or the urgency or extra urgency fee charged in the case of urgent/extra urgent performance.
33. Meeting its obligation set out in Regulation (EC) No 924/2009, starting from 19 April 2020 in the case of foreign currency credit transfers involving currency conversion and started from the Bank's website or from the mobile app, before the approval of the financial transaction the Bank shall inform the Customer via the given channel of the total estimated amount of the credit transfer in the currency of the payment account to be debited, including all transaction fees and conversion fees. If the Customer enters the amount of the foreign currency credit transfer (involving conversion) in the currency of the payment account to be debited, the Bank shall inform the Customer of the estimated amount to be transferred to the beneficiary in the currency of performance. It shall be the responsibility of the Customer to view prior to the approval of the payment transaction the above information provided by the Bank via the given channel.

APPENDIX NO. 3.

Rules of Procedure of NBH's VIBER (Real-Time Gross Settlement System) Service

Rule No. 1:

If the remitting bank has accepted a payment order from the customer to be executed on the same day, it shall forward the order within 2 hours, not later than the cut-off time stipulated by NBH for the acceptance of VIBER customer payments, and provide sufficient funds for the transaction. If a VIBER payment order has been accepted before VIBER opening hours, the 2-hour processing time shall be counted from the opening of VIBER operating hours.

Rule No. 2:

In the case of customer payment orders to be executed on a specified value date, the VIBER member must provide sufficient funds on the value date within 2 hours from the opening hour.

Rule No. 3:

VIBER members must credit HUF orders coming from VIBER immediately to the customer's account, within 2 hours from receipt at the latest, as monies received on the relevant day, so that the incoming amount shall provide funds for the customer's transfer orders concerning the same day. Should an order arrive after the prevailing cut-off time of VIBER customer items, the VIBER member must nevertheless credit such orders on that day, by the deadline specified in effective laws concerning payments (pursuant to the rules of the Interbank Clearing System operated by GIRO Settlement Ltd.).

Rule No. 4:

Should the VIBER member be unable to credit an order coming from VIBER due to any particular mistake (e.g.: wrong bank account number), such order must be returned to the remitting bank through VIBER—with a standard message and supplied with the adequate, standardised error code—possibly on the same day, not later than one and a half hours from VIBER opening time on the following banking day.

Rule No. 5:

Receiving VIBER members are prohibited from modifying incoming orders before crediting them to the customer's account. Should the remitting bank ask an order to be returned due to technical problems (e.g.: double sending) prior to crediting, the receiving VIBER member shall return it with a standardised error code on the basis of the remitting bank's advise, against the remitting bank's simultaneous written confirmation (including transaction details that make it possible to identify the wrong transaction beyond doubt). If the customer's account has already been credited, the receiving VIBER member shall immediately start discussions with the customer based on the remitting VIBER member's advise in order to have the item—credited due to the sender's fault—returned as soon as possible. The receiving VIBER member may not, however, modify the original payment order even in such case.
